Kenya, July 2016

Dear friends and family members,

At the time when I was writing our last prayerletter, I was in midst of our evangelistic outreach program together with two male volunteers. Do you remember? Now we finished the program. We went altogether to 18 schools for "preaching – movie – counselling" and God was doing amazing things, therefore I chose the words from Psalm 103:

3812 children and youngsters gave their lives to Jesus!!! It was so amazing what God did! Till today when I am reminding the situation, I am very thankful how God used Isaac, Frank and me! All glory to him!!!

After that the Kenyan school holidays started and I organized two short Vacation Bible Schools (VBS) at the Anglican Church at Kiratina and Nakuru Teachers our neighbour district. We were 50 to 60 children as an average in the age from 3 to 12 years. It was shortly after Easter therefore our motto was the "Easter Story". Apart from Bible Lessons we had lots of fun by playing games and finally we watched an animated movie about the life of Jesus.

Afterwards I was busy for three weeks to write 30 devotionals for children about Ephesians, Philippians and Colossians for "God and Me". That is a devotional material for children in the age from 8 to 12 years from SU Kenya. It was very challenging to break these Pauline letters on the level of children and to create fitting riddles, but I really enjoyed writing it.

Then I wanted to make holidays for two weeks... But I was always thinking about the new believers. In our last prayerletter I was writing: "The best thing would be to start with those children now a Bible Foundation Course... But for now there is no such material and no means... Please pray for wisdom what I as Dani am able to do for those "new converters". Thank you."

After I was mailing you the letter, in the same night I woke up and I thought: "Dani, you have to cancel your holidays and you will write the follow up material by yourself!" A few days later someone was sending a donation for "SU Follow Up Material" to our account".

I spoke with the head office and we agreed that for the moment I cancel my usual Ministry at the schools and churches and concentrate fully on the writing of the follow up material. Therefore after the school opened again, I was not continuing visiting Bible Clubs. Now I am using all my time for the writing of this material.

In the beginning I thought I will be able to handle one topic on two or three pages. But very quick I recognized that my aim was to create a material which is not "rushing into a topic", but "going deep into it". I wanted to write a Bible Foundation Course for children which may have a deeper impact.

**Praise the Lord,  
my soul;  
all my inmost  
being, praise his  
holy name.**

**Praise the Lord,  
my soul, and  
forget not all his  
benefits**

**who forgives all  
your sins and  
heals all your  
diseases,**

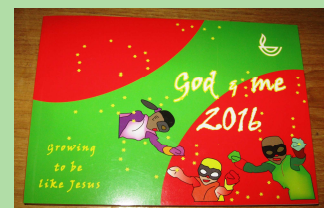

**who redeems  
your life from the  
pit and crowns  
you with love and  
compassion.**

**Psalm 103: 1-4**

*„We want to believe  
in Jesus.“*

*Devotional Material for  
children from SU Kenya*

Therefore I start now every chapter with a Biblical Exegesis about the topic to that the teachers are able to get first the information by themselves. After that I describe the situation of the pupils according to the topic and finally I write a lesson which may take two hours with repetition games, discussion points, games and different creativities.

Every teacher can choose for himself for how many lessons he will use one topic according to the situation of his pupils and the time he has available. You may use the material for Bible Clubs at schools, for Clubs at church or even for camps.

The games and activities are thought for children in the age from Standard 4 to 8, but the teaching you may even use for Secondary Students and Grown-ups.

The material includes three books: There is a teachers' guide; there is a book with materials and visual aids for the teacher and a worksheet for children.

The worksheet for pupils has two to four pages per topic with a lot of questions and riddles to work on the topic. After filling in everything the children will have their own dogmatic for children.

For me it was very challenging to handle the topics like "Holy Spirit", "Trinity" and "Assurance of Salvation". Those topics are difficult to understand for most of the adults and I had to break them down on the level of children! But I did my very best!

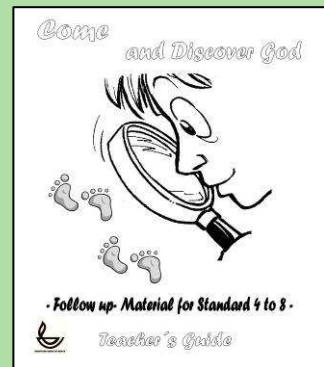

To write a book like this takes lots of time. At the moment I am in midst of chapter 11. The teachers guide has already 150 pages, the teaching aids are 61 for now and the pupils' worksheet has 28 pages for now.

Please pray for me that God may give me wisdom in writing the right words and lots of ideas for games, riddles and activities. I miss teaching Bible Clubs and I would like to finish "faster faster", but I recognized that I need more time than I ever thought. Therefore pray for me that I may finish soon that I will be able to continue with the ministry at schools and churches. Thank you.

For now I stopped all my ministries apart from the „Kiratina and Dundori Fellowship“. During those fellowships I meet with teachers and Sundayschool teachers from different churches in our area. We pray together for the schools and churches in our district and after that I offer a two hours teacher training. For now I was teaching about: Biblical Basis for Child Evangelism, Repetition Games, How to handle my Class and Visual Aids, How to begin a story and How to tell a story. At the moment only a few people are attending the meetings.

Please pray that more and more people are willing to get trainings for the ministry among children and youngsters. Thank you.

Thank you also for your prayers according my health. Last time when I was at the head office I met the brother of my colleague who went to the USA for a medical training. We spoke about my health problems. Because of my chronically gastritis I had to take a lot of a medicine called "Omeprazol". Now I am able to eat a special diet and I can handle the gastritis without using lots of those tablets. This doctor told me that Omeprazol is taking the magnesium out from the body. Now I am taking magnesium every day since two months. And my pain disappeared!!! Praise the Lord!!! I don't have any pain any more in my knee and the „feeling of sleeping“ disappeared, too!!! Glory to God! (Psalm 103:4)

At the moment we have a very big lack of finances for our daily life, for Robert's Bible School and in August we have also to pay the insurance for our car. Please pray that we may find more sponsors who are willing to help us financially.

I want to thank everybody who was supporting us in the past. WITHOUT YOU WE WERE NOT ABLE TO DO OUR MINISTRY AT KENYA!!! Thanks a lot for your prayers and your financial support.

One of our German friends asked me for a brief movie about our ministry at Kenya. He wanted to show it in his church to do fundraising for us.

My mum was making now a 6-minutes-presentation in German language with lots of pictures, music and words. It is an "exe-file" which you can open on the computer and present in the churches by using a projector.

If you are interested in a copy of that presentation please let me know, but remind it is in German language. But if you see a possibility to assist us in fundraising I will send you a copy.

Robert is continuing going to Bible School. This term he is taught in Exegesis Genesis & Exodus, English, Research Methods, Christian Music, East African Church History and Traditional African Religions. Please pray for him because he is really struggling a lot. In November he has his first bigger school examination. Please pray also for that. Thank you.

The Lord may bless all of you abundantly.

Many love and greetings,  
Yours

Robert & Dani

P.S.:

I hope you will like a new Design of the Kadala-News! I wanted to change it a little bit ... ☺
